BOARD ORDERS

I. FACULTY AND STAFF

A. Personnel Changes: (Refer to page 8 in Body of Report)

Upon motion of Regent \_\_\_\_\_, seconded by Regent \_\_\_\_\_, it was ordered that:

The personnel additions, promotions, resignations, retirement, status change, terminations, and listings of Fall, 1980, employment of administration, Learning Resources Center professional staff, and faculty be approved as shown in the Body of this Report.

B. Out-of-State Travel: (Refer to page 37 in Body of Report)

Upon motion of Regent \_\_\_\_\_, seconded by Regent \_\_\_\_\_, it was ordered that:

The out-of-state travel be approved as shown in the Body of this Report.

C. Dual Employment: (Refer to page 46 in Body of Report)

Upon motion of Regent \_\_\_\_\_, seconded by Regent \_\_\_\_\_, it was ordered that:

The dual part-time employment of the persons listed below, for the period of time, and at the salary shown in the Body of this Report be approved. The Board finds that there is no conflict between the holding of the part-time non-elective positions at Southwest Texas State University and their other employment, and further finds that the requirements of Section I of Article 6252-9a of Vernon's Civil Statutes as amended have been fulfilled.

C. Dual Employment

Article XVI, Section 40, of the Constitution provides in pertinent part that:

" ... A nonelective State officer may hold other nonelective offices under the State or the United States, if the other office is of benefit to the State of Texas or is required by the State or Federal law, and there is no conflict with the original office for which he receives salary or compensation ... "

Additionally, Article 6252-9a, Vernon's Annotated Civil Statutes, provides in part:

Section 1. A nonelective state officer or employee may hold other nonelective offices or positions of honor, trust, or profit under this State or the United States, if his holding the other offices or positions is of benefit to the State of Texas or is required by state or federal law, and if there is no conflict between his holding the office or position for which the officer or employee receives salary or compensation.

Section 2. Before a nonelective state officer or employee may accept an offer to serve in other nonelective offices or positions of honor, trust, or profit, the officer or employee must obtain from the governing body, or if there is no governing body, the executive head of the agency, division, department, or institution with which he is associated or employed, a finding that the requirements of Section 1 of this Act have been fulfilled. The governing body or executive head shall make an official record of the finding and of the compensation to be received by the nonelective officer or employee from such additional nonelective office or position of honor, trust, or profit including specifically salary, bonus, per diem or other type of compensation.

The persons listed in the following table have expertise in the area of their employment that is needed in the instructional program at Southwest Texas State University, and the University proposes utilizing the services of these persons during the Spring Semester, 1980. These persons either already hold, or prospectively will hold, another nonelective position with a tax-supported agency. In those cases in which the person is already employed, and Southwest Texas State University is the prospective employer, we have received a finding from the executive head or governing body with which the person is already associated that the requirements of Section 1 of Article 6252-9a have been fulfilled.

B. Approval of 1980-81 Operating Budget

We present the 1980-81 fiscal year recommended Operating Budget to the Board for its consideration and adoption if found acceptable.

## III. MISCELLANEOUS

A. Insurance for Intercollegiate Athletes

Section 95.21 of the Texas Education Code gives the Board of Regents responsibility for the general control and management of the universities in the System. As part of that authority and responsibility, the Board authorizes the purchase of insurance for students involved in intercollegiate athletic activities.

B. Approval to Sell Frame House

There is an old house on campus which is not worth trying to relocate and rehabilitate. The site of the house is needed for an additional parking area. The book value of this building is \$14,438.18. Authority from the Board is recommended to dispose of the building through (1) bid or negotiation if no bid is received, (2) the University maintenance force, or (3) contract with an outside firm.

C. Naming of Strahan Coliseum

Phase II of the Multi-Purpose Building construction on the campus of Southwest Texas State University is a new 7,000-seat basketball coliseum. The coliseum will be attached to Jowers Center, formerly known as Multi-Purpose Building, Phase I. This board order transfers the name of former Bobcat coach, Oscar Strahan, from the old gymnasium, Strahan Gymnasium, to the new coliseum. Only the coliseum will be called Strahan Coliseum, and the remainder of the Multi-Purpose Building, which consists of offices, laboratories, classrooms, and gymnasiums, will continue to be known as the Jowers Center. The old gymnasium is being converted into a facility to be used by the Music Department.

D. Acceptance of the Third Floor Expansion of the J. C. Kellam Building

Southwest Texas State University has supplied the Building Committee with the required information upon the completion of the renovation project of the Third Floor Expansion of the J. C. Kellam Building. The project has been visited by Dr. Eugene E. Payne, Vice President for Finance and Management, SWTSU; Mr. Lamar Urbanovsky, Executive Director, Board Office; Mr. William D. Jones, Director of Campus Facilities, SWTSU; along with representatives of the contractor and architect. The project was found to be substantially completed with the exception of certain minor items which are yet to be completed or corrected. Final payment is being withheld from the contractor pending completion of these items.

E. Appointment and Bonding of University Peace Officers

We recommend the appointment and bonding of the peace officer listed below at Southwest Texas State University in accordance with State law and policies of the Board of Regents. The appointment shall be effective from the date of employment as listed.

Dana C. Moore (2/8/80)

F. Twelfth Class Day, Small Class and Teaching Load Report, Spring Semester, 1980

We recommend approval of the Twelfth Class Day, Small Class and Teaching Load Report for the Spring Semester, 1980, as prepared by the Office of the Registrar and presented in Enclosure II of this report.

## G. SWTSU Employee Efficiency and Effectiveness Plan

### 1. Introduction

The Board of Regents of the Texas State University System has, for many years, operated the colleges and universities under the Board's control so as to emphasize effective teaching at a level of productivity which has been among the very best in the state and the nation. In 1979 both the Legislature and the Governor of the State of Texas established as a high priority an increase in efficiency and effectiveness of state government. In pursuit of these goals, the Governor requested on January 14, 1980, all state agencies to reduce the number of state employees by 5%.

In response to the Governor's request and in keeping with the Texas State University System tradition of teaching effectiveness at a high level of productivity, on February 22, 1980, the Board of Regents adopted a resolution reading in part:

"RESOLVED, that the Board of Regents of the Texas State University System does hereby establish a policy calling for a goal of a 5 percent reduction in the number of employees in the component institutions of the Texas State University System, adjusting for changes in enrollments, research contracts, and other necessary modifications and without diminishing the order of excellence, by August 31, 1980, with the reductions in the number of employees being related to the number of employees on the payroll on January 31, 1979;  
. . ."

### 2. Status of Southwest Texas State University

SWTSU consistently has one of the very highest student to faculty ratios and one of the very lowest cost-per-student ratios of the more than 30 public senior colleges and universities in Texas (e.g., in FY 1979, SWTSU had a student-to-faculty ratio of 22 versus the state average of 18; in FY 1979 SWTSU was appropriated \$1,615 per FTSE versus \$2,649 for the state average).

SWTSU is already operating at a level of productivity which far exceeds the level that the Governor has suggested as a goal for most institutions. As illustrated in the following table, it is estimated that, due to an increasing workload (i.e., a growing enrollment),

SWTSU will meet the Board of Regents' goal of a 5% improvement in productivity even if there is no reduction in the number of employees.

3. Action by Southwest Texas State University

Without taking any action, it is estimated that from January 31, 1979, to August 31, 1980, the University will achieve a 5.1% improvement in productivity as measured by employee per student, simply due to an increasing workload (i.e., growing student body). However, to make an additional demonstration of good faith effort the University will set the following goals.

a. In the 1980 fiscal year

- 1) The University will leave unfilled ten positions which become vacant during the last eight months of the current fiscal year (i.e., from January 1, 1980, to August 31, 1980).
- 2) The University will not create any new position unless an existing position becomes vacant and is not filled. Not included are positions which are funded from non-state sources, such as grants, contracts, and client fees.

b. In the 1981 fiscal year

No arbitrary cuts or employment freezes will be utilized. Instead, the University will establish a goal of maintaining the high level of productivity which had been reached on January 31, 1980. The productivity will be measured on January 31, 1981, and will include any enrollment growth or decline in the fall of 1980.

## IV. CONTRACTS

A. San Marcos Consolidated Independent School District Contract  
-- Use of University Facilities

The recommended contract, submitted as Enclosure III, provides that the University football stadium, athletic field, and track are made available to the San Marcos High School.

B. Approval of Construction Contract for the Health Science  
Building Renovation

We recommend that a contract be awarded to \_\_\_\_\_ of \_\_\_\_\_, Texas, in the amount of \_\_\_\_\_ for low bid for renovation of the Health Science Building.

The Program of Requirements for this renovation project was presented and approved at the August, 1979, meeting of the Board.

C. Southwest Texas State University Development Foundation  
Contract

The recommended contract, as submitted in Enclosure IV, provides that the University will help the Foundation solicit funds and maintain its records in return for the Foundation's agreeing to solicit and secure donations, gifts, and grants of money and property to assist the University pursuant to its Articles of Incorporation. A similar contract was previously approved in substance by the Board of Regents in May, 1979 (Board Order no. 79-255). In that Board Order the President of the University was authorized to sign a contract substantially the same as the one approved. Subsequent negotiations with the Foundation trustees, and consultation with the Attorney General's office, resulted in modification to Section 3 of the original contract. The contract in Enclosure IV has been approved by both the University and the Development Foundation and is being submitted for final Board of Regents' approval. As provided for in Section 1, the contract will be cancelled within 30 days if not approved by the Board of Regents.

D. Approval of Change Order No. 5 to Science Building

The University recommends the approval of Change Order No. 5 for the Science Building Renovation Project at Southwest Texas State University in the amount of \_\_\_\_\_. The contract price will not be increased by this proposed change order. The cost of the additional work was anticipated in the original contract by the inclusion of a contingency allowance of \$80,000, a substantial part of which was included to pay for this change.

The change provides for the complete renovation of the office spaces which comprise the Biology Department office on the second floor of the central wing of the Science Building. The huge duct shaft which passes vertically through all floors of the building forced a replanning of the Biology Department office largely because of the disruption of the spaces caused by positioning of the shaft in relation to the center of the office suite.

E. Authority to Contract for Periodic Roofing Maintenance for University Buildings

We recommend that Southwest Texas State University be authorized to develop specifications, secure bids, and contract for the periodic roofing maintenance for University buildings. The cost of such work will be paid from either room rental income or budgeted physical plant funds.

It is estimated that in 1980 the amount of a contract to roof a typical University building will be greater than \$25,000 but less than \$100,000.

STATE OF TEXAS

COUNTY OF HAYS

1. The following contract, dated the \_\_\_\_\_ day of \_\_\_\_\_, 1980, is hereby entered into by and between the BOARD OF REGENTS, TEXAS STATE UNIVERSITY SYSTEM, acting herein by and through its President, thereunto duly authorized, and the SAN MARCOS CONSOLIDATED INDEPENDENT SCHOOL DISTRICT, acting herein by and through the President of the Board of Trustees of said School District, thereunto duly authorized.
2. Said Board of Regents executes this contract and agreement for the use and benefit of and in connection with the operation of Southwest Texas State University located at San Marcos, Texas; and said San Marcos Consolidated Independent School District executes this agreement for the use and benefit of and in connection with the operation of the public free schools within the said School District.
3. The duration of this contract shall be for one year, ending August 31, 1981.
4. The following University facilities shall be made available to the Public Schools under the conditions specified below:
  - (a) Evans Field will be made available for conference high school football games and such other games as constitutes the regular high school schedule. The high school schedule shall be made following completion of the University schedule, with such dates not used by the University being available for the high school.
  - (b) The University field and track shall be available to the high school for limited use similar to that pertaining in 1979-80.
  - (c) The San Marcos Consolidated Independent School District will be responsible for the control of the crowds in attendance at any of its functions held on Evans Field; will secure at the School's expense such police force as necessary to handle the crowd, and will furnish such insurance as necessary for its protection. The University is not permitted to carry insurance on these facilities.
  - (d) The distribution of the net profits from concessions will be one-half to the concessionaire, one-third to the School District, and one-sixth to the University.
5. For use of the University football field, the Public Schools will pay \$350.00 per game with payment to be made by December 15, 1980. It is understood that in case a high school game is cancelled prior to the actual occupancy of the stadium or use of the playing field, no payment to the University will be required for that particular game.

IN WITNESS WHEREOF, the parties have hereto caused execution by their proper officers and their respective seals to be hereto affixed, the day and year first above written.

### The University's Responsibilities

2. The University agrees to use its administrators, faculty members and staff employees to provide reasonable and necessary administrative and support services to the Foundation, including, but not limited to:

- a. Assisting the Foundation in its fund-raising efforts;
- b. Keeping the Foundation's books, records and performing related ministerial services for the Foundation; and
- c. Providing space, facilities and equipment for the Foundation's activities and records, all to the extent that it does not materially interfere with the educational functions of the University.

### The Development Foundation's Obligations

3. The Foundation agrees to use its trustees and their individual and collective efforts to solicit and secure donations, gifts, and grants of money and property to assist the University pursuant to its Article of Incorporation. Further, the Foundation and the University agree to mutually set an annual budget for each fiscal year which will set forth, among other things, its fund-raising goals and expenditures of unrestricted funds for the year.

### Entire Agreement

4. This agreement supersedes all other agreements, either oral or in writing, between the parties with respect to the subject matter hereof, and no other agreement, statement or promise relating to the subject matter of this agreement which is not contained herein shall be valid or binding.

ADMINISTRATIVE SERVICES AGREEMENT

STATE OF TEXAS )

COUNTY OF HAYS )

This agreement is made this 8th day of February, 1980, between SOUTHWEST TEXAS STATE UNIVERSITY, a State supported institution of higher education located in San Marcos, Hays County, Texas, hereinafter called the "University", and THE SOUTHWEST TEXAS STATE UNIVERSITY DEVELOPMENT FOUNDATION, a Texas non-profit corporation with its principal office and place of business in San Marcos, Hays County, Texas, hereinafter called the "Foundation".

Recitals

It is the desire of the Foundation to engage the services of the University to perform for the Foundation assistance in its solicitation, fund-raising, record-keeping and related services as an independent contractor and not as an employee, and to compensate the University for such services.

It is the desire of the University to perform such services for the Foundation and to undertake, for the Foundation, assistance in its solicitation and fund-raising services and to assist the Foundation in keeping its books and records, in return for compensation for these services.

AGREEMENT

Term

1. The duties and obligations of the parties shall commence on the 8th day of February, 1980, and shall continue until terminated by either party giving thirty days' written notice to the other.

Assignment

5. Neither this agreement nor any duties or obligations hereunder shall be assignable by either party without the prior written consent of the other.

Successors and Assigns

6. Subject to the provision regarding assignment, this agreement shall be binding on the legal representatives, successors and assigns of the respective parties.

Governing Law

7. The validity of this agreement and of any of its terms or provisions as well as the rights and duties of the parties hereunder shall be governed by the laws of the State of Texas, and all obligations of the parties are performable in Hays County, Texas.

Amendment

8. This agreement may be amended by the mutual agreement of the parties hereto in a writing to be attached to and incorporated into this agreement.

EXECUTED at San Marcos, Texas, on the day and year first above written.
